MUNICH, May 07, 2025 (GLOBE NEWSWIRE) -- XING Mobility, a global leader in immersion-cooled battery systems, officially launched its latest energy storage innovation, the XBE1000 ...

Through its participation at All-Energy 2025, XING Mobility aims to deepen partnerships with UK stakeholders and contribute its proven battery innovation to the region's energy transition.

It is an one-stop integration system and consist of battery module, PCS, PV controler (MPPT) (optional), control system, fire control system, temperature control system and monitoring system.

Early adopters in Duqm are testing peer-to-peer energy trading between mobile units. Imagine your construction site selling extra power to a nearby farm - automatically, securely, and ...
