What solar systems work with Megatron battery energy storage systems?

Inquire Now! ATLAS Commercial and HERCULES Carport PV systems perfectly pair with MEGATRON battery energy storage systems. MEGATRON 50kW to 150kW systems can be paired with 50kW to 100kW's of PV. Each BESS has either 50kW or 100kW solar inverter integrated into the containerized system.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

What is LZY containers?

LZY Containers provide innovative mobile solar container solutions for businesses worldwide. Our mobile solar systems are designed to be reliable, efficient and easy to use. Explore LZY Containers's customizable and scalable solar container solutions, with rapidly deployable folding PV panels combined with containerized designs.
