What is a Sunsynk inverter?

The Sunsynk is an 8kW Single Phase Hybrid Inverter with an LCD Touch screen for easy operation. It has a highly efficient power management tool that allows users to select 'parity' targets by managing power coming from multiple sources such as solar, mains grid, and generator, and then effectively storing and directing power as required.

Does sunsynk 5kW inverter Show 0 or 100% SOC?

The Sunsynk 5kW Inverter shows 0 or 100% SOC and nothing in between. (The passage further discusses the battery pack and BMS details, which is not relevant to the Question and should not be modified.)

How many companies are involved in inverter production?

Companies involved in Inverter production, a key component of solar systems. 13 Inverter manufacturers are listed below. List of Inverter manufacturers. A complete list of component companies involved in Inverter production.
