Who is building the world's largest solar and battery storage project?

The United Arab Emirates is building the world's largest solar and battery storage project that will dispatch clean energy 24/7. Emirati Renewable energy company Masdar (Abu Dhabi Future Energy Company) and Emirates Water and Electricity Company (EWEC) are developing the trailblazing solar and battery storage project.

What is the largest combined solar and battery energy storage system?

Once it's online, will become the largest combined solar and battery energy storage system (BESS) in the world. Located in Abu Dhabi, the project will feature a 5.2 GW solar PV plant coupled with a 19 gigawatt-hour (GWh) BESS. His Excellency Dr. Sultan Al Jaber, minister of industry and advanced technology and chairman of Masdar, said:

Where is the Masdar battery project located?

The Masdar battery project will be based in Abu Dhabi at an undisclosed location.

Who will supply battery energy storage system (BESS) equipment?

Utility-scale renewable energy developer-operator Masdar said on Friday (17 January) that it has selected CATL to supply battery energy storage system (BESS) equipment alongside fellow Chinese companies Jinko Solar and JA Solar as solar PV module suppliers.

Jan 20, 2025&nbsp;&#0183;&nbsp;&nbsp;Masdar has announced preferred suppliers and contractors for its 5.2GW solar PV and 19GWh battery storage project in Abu Dhabi, UAE.
