What is the largest European energy storage system?

AMSTERDAM - Today the largest European energy storage system using second-life and new electric vehicle batteries in a commercial building was made live. Amsterdam Alderman Udo Kock conducted the official opening ceremony.

Will Amsterdam Energy Arena BV use its own energy?

“Thanks to this energy storage system, the stadium will be able to use its own sustainable energy more intelligently and, as Amsterdam Energy Arena BV, it can trade in the batteries' available storage capacity,” said Henk van Raan, director of innovation at the Johan Cruijff Arena.

What is Ges Amsterdam?

Our development efforts are focused on establishing expandable platforms located at key crossroads of energy flows. GES Amsterdam is a company operating a Class 1 storage and blending facility for gasoline, gasoline components, and biofuels with c 300,000 M3 gross capacity across 20 storage tanks located in the Port of Amsterdam, the Netherlands.

Who is Giga storage?

Construction was carried out by long-term partners K. Dekker and Van den Heuvel. Founded in 2018, GIGA Storage develops and operates large-scale battery energy storage systems that store sustainably generated electricity and deliver it when needed most. This prevents issues such as imbalance, grid congestion, and energy loss.

Oct 30, 2025 · In Amsterdam's Western Port, the Giraffe battery system has officially come online. Developed by GIGA Storage, the project marks an important move to relieve pressure on the ...
