Where is kontrolmatik energy storage system made?

Kontrolmatik manufactures its energy storage systems on a turnkey basis in its factory in Ankara. It is planned that the energy storage system solutions will be offered by Pomega Enerji Depolama Teknolojileri A.S., a 100% subsidiary of Kontrolmatik after 2022. What is the Energy Storage System?

What is the energy storage system?

Pomega Energy Storage Systems (PESS), using the world-proven prismatic lithium ferrous phosphate technology, are systems that store the energy produced at any time and with any energy source and enable it to be reused at the desired place and time.

What is a lithium-ion battery cell and energy storage Giga Factory?

The first Lithium-Ion Battery Cell and Energy Storage Giga Factory in Turkey responds to the increasing intense demand of the industry by producing lithium ferrous phosphate (LiFePO₄) battery cells, modules and energy storage systems for power plants, national grids, factories, residential applications and areas that require high power.

Energy Storage Systems Kontrolmatik manufactures its energy storage systems on a turnkey basis in its factory in Ankara. It is planned that the energy storage system solutions will be ...
