What is a battery storage cabinet?

These Australian made Battery Storage Cabinets are specifically designed to store Li-ion batteries in a cool, dry, and secure environment, significantly reducing the potential for battery fires. Storemasta Battery Storage Cabinets offer a fast, cost-effective solution to mitigate lithium-ion battery fire risk, with models ranging from 15 to 250L.

What are solar battery storage cabinets?

For those of you harnessing the power of our favorite nearby star, solar battery storage cabinets are like a spa retreat for your sun-soaked energy. These specialized enclosures are designed to keep your solar batteries at optimal temperatures, protected from the elements, and ready to power your eco-friendly dreams.

What storage solutions are available for battery energy batteries?

Our space efficient storage solutions for batteries are designed to accommodate vertically or horizontally installed Battery Energy batteries. Horizontal rack configurations offer a minimum 600mm x 600mm footprint of and can cater for up to eight fully adjustable shelves.

Are battery energy enclosures secure?

Available in an upright drop in style or cabinet style with either thermal insulation or air conditioning, the enclosures are secured with robust key lock doors to protect your equipment. Our Sydney warehouse carries Battery Energy standard racks and enclosures ready to ship for your project.

Our battery charging cabinets provide a safe, cool, and dry environment to store and charge Li-ion batteries. They are specifically designed to minimise risks associated with Li-ion battery ...
