What is a custom built Battery Cabinet?

AUS-POWER Batteries custom built battery cabinets are the ideal solution for those larger installations or anyone requiring a secure, professional and practical installation. The cabinets contain two lockable doors (front and back) and removable side panels for easy access.

Can ICS battery enclosures be custom designed?

ICS battery enclosures, cabinets, and battery racks can be manufactured as standard or custom designed to accommodate any battery string configuration.

Can I add more cabinets to my solar system?

Please note: Larger systems are possible by simply adding additional cabinets. Ready to get started? We can provide you with a quotation for all your solar and power requirements. Wescor are the Off-grid and On-grid Battery Storage Experts. Wescor provides and installs quality Battery Enclosures. Call 0401 556 546.

Are battery energy enclosures secure?

Available in an upright drop in style or cabinet style with either thermal insulation or air conditioning, the enclosures are secured with robust key lock doors to protect your equipment. Our Sydney warehouse carries Battery Energy standard racks and enclosures ready to ship for your project.
