What are Eaton exocab outdoor telecommunications cabinets?

The Eaton ExoCab outdoor telecommunications cabinets are a range of versatile, cost effective outdoor cabinets for a wide range of electronics applications. They can be configured for DC power, UPS, battery, or any other outdoor installation requiring robust protection for electronics equipment. Front and back doors are provided for ease of access.

What is the best material for a battery cabinet?

**Durable Materials:** Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity. **Robust Ratings:** Available in IP55, IP65, NEMA 3R, NEMA 4, and NEMA 4X ratings, perfect for outdoor electrical, telecom, and battery cabinet applications.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a battery enclosure?

These enclosures optimise the performance and safety of housed electronics, including batteries, in diverse locations and conditions throughout New Zealand. Our patented venting systems are globally recognised, with 11 international and two New Zealand patents.
