How is the Middle East solar power market segmented?

The Middle Eastern solar power market is segmented by technology and geography. By technology, the market is segmented into solar photovoltaic (PV) and concentrated solar power (CSP). The report also covers the market size and forecasts for the Middle East solar power market across the major countries in the region.

What is the outlook for the Middle Eastern solar power market?

The report offers the market size and forecasts in installed capacity (gigawatts) for all the above segments. The Middle Eastern solar power market is expected to register a CAGR of more than 11% over the forecast period. With the COVID-19 outbreak in Q1 2020, the Middle Eastern solar power market was moderately impacted.

What is the growth rate of Middle-East solar power market?

The Middle-East Solar Power Market is growing at a CAGR of >11% over the next 5 years. ACWA POWER BARKA SAOG, Alsa Solar Systems LLC, JinkoSolar Holding Co. Ltd, First Solar Inc, Enerwhere Sustainable Energy DMCC are the major companies operating in Middle-East Solar Power Market.

How many solar panels are installed in the Middle East in 2022?

Photovoltaic (PV) solar panels held a share of more than 96.57% of the total Middle Eastern solar energy installed in 2022. The solar PV installed capacity of the Middle East grew to 12.440 GW in 2022, which is higher compared to the 9.239 GW installed in 2021.

Jun 2, 2025 · Explore how the Middle East is accelerating its role in the global energy transition by localizing solar PV manufacturing. This paper examines national strategies, industrial policy, ...

MESIA is the only non-profit solar association in MENA, bringing together 80+ members through insights, reports, and industry events.
