Where is China's first large-scale energy storage plant?

A 10-MWh sodium-ion battery energy storage station has been put into operation in Guangxi, southwest China, the country's first large-scale energy storage plant using sodium batteries. (Image credit: China Southern Power Grid Energy Storage)

What is China Southern power grid's Guangxi energy storage station?

The energy storage station, built by China Southern Power Grid's Guangxi branch, is the first phase of an overall 100-MWh project.

Where is a 10 MWh sodium-ion battery storage station located?

A 10-MWh sodium-ion battery storage station was put into operation on May 11 in Nanning, Guangxi in southwestern China, said China Southern Power Grid Energy Storage, the energy storage arm of Chinese grid operator China Southern Power Grid.

How much electricity does Guangxi Power Station produce?

Funded and built by the Guangxi branch of China Southern Power Grid, the electricity storage station is able to initially produce 10 megawatt-hours (MWh). Once completed, it will reach 100 MWh, generating 73 million kWh of clean electricity annually.

This development signified a notable advancement in the realm of large-scale sodium-ion battery energy storage projects. It is understood that Fulin Sodium-Ion Battery Energy Storage ...

Jun 4, 2025 · · China Southern Power Grid (CSG) announced on May 26 the commissioning of the Baochi Energy Storage Station in Wenshan, ...

Jun 3, 2025 · · China Southern Power Grid (CSG) announced on May 26 the

commissioning of the Baochi Energy Storage Station in Wenshan, ...

May 13, 2024 · A 10-MWh sodium-ion battery energy storage station has been put into operation in Guangxi, southwest China, the country's first large-scale energy storage plant using sodium ...

Jun 3, 2025 · China Southern Power Grid (CSG) announced on May 26 the commissioning of the Baochi Energy Storage Station in Wenshan, Yunnan province -- a national pilot project and ...

May 13, 2024 · A 10-MWh sodium-ion battery energy storage station has been put into operation in Guangxi, southwest China, the country's first ...

Nov 5, 2025 · To tackle the technical challenges of sodium-ion battery storage, the Guangxi Power Grid Company, in collaboration with the Chinese Academy of Sciences and other ...

May 12, 2024 · Funded and built by the Guangxi branch of China Southern Power Grid, the electricity storage station is able to initially produce 10 ...

Jun 4, 2025 · China Southern Power Grid (CSG) announced on May 26 the commissioning of the Baochi Energy Storage Station in Wenshan, Yunnan province -- a national pilot project and ...

May 27, 2025 · Chinese state-owned grid operator China Southern Power Grid has switched on the country's first large-scale lithium-sodium hybrid ...

May 28, 2025 · China's first large-scale lithium-sodium hybrid energy storage station, located in Wenshan, Yunnan province, is now operational. The station, run by China Southern Power ...

May 12, 2024 · Funded and built by the Guangxi branch of China Southern Power Grid, the electricity storage station is able to initially produce 10 megawatt-hours (MWh).

Jun 4, 2025 · The Baochi Energy Storage Station recently commissioned by China Southern Power Grid (CSG) is a significant development in the renewable energy sector. Located in ...

May 27, 2025 · Chinese state-owned grid operator China Southern Power Grid has switched on the country's first large-scale lithium-sodium hybrid energy storage station, a 200MW/400MWh ...
