Is the switchgear industry in Singapore safe?

When exploring the Switchgear industry in Singapore, several key considerations emerge. Regulatory compliance is paramount, as the country adheres to strict safety and performance standards set by the Energy Market Authority (EMA) and other governing bodies.

What is enclosed switchgear & why is it important?

This is relevant to switchgear, as it encompasses devices used to control and protect electrical circuits. Enclosed switches protect the user against the accidental starting of electrical machines. Our partners include ABB, Blueline, Schneider Electric & more.
