What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Is Aze a NEMA 3R rated outdoor enclosure?

Yes,AZE specializes in NEMA 3R,4,4X,IP55,and IP65 rated outdoor enclosures designed to protect your equipment in harsh environments. Our enclosures are built to withstand rain,dust,corrosion,and extreme temperatures,making them ideal for telecommunications,utilities,oil & gas,and industrial applications.

Why should you choose a NEMA 4X outdoor enclosure?

Corrosion can be a big problem in many different enclosure applications,and a NEMA 4X outdoor enclosure can help protect your devices. AZE can also provide customize products or projects based on requirements,choose from a broad range of models,configurations,mounting options,sizes,finishes and type ratings.
