-----  
How much does a 40ft container cost?

A 40ft standard container from China to the US West Coast costs \$3,500-\$6,000. Shipping to the East Coast ranges from \$4,500-\$7,500. These rates include base ocean freight and surcharges but not destination charges, customs clearance, or inland transportation. High-demand periods can push rates 30%-50% higher.

Are global container shipping rates still 46% lower than last year?

Global container shipping rates are still 46% lower than they were in November last year. Drewry's World Container Index puts the global average price of shipping a 40ft container at \$1,859 (USD) for 13 November, 2025.

How much does container shipping cost from the UK?

Then you'll need the latest costs for container shipping rates from the UK. The table below is up-to-date as of October 2024 and is based on shipping household goods worth a typical \$51,000 via either a 20ft or 40ft FCL (Full Container Load). If you're leaving the US for a new home overseas, you'll want to know how much this'll cost you.

What is the container shipping rate calculator?

Our Container Shipping Rate Calculator allows you to get real-time, accurate quotes for shipping containers to international destinations. Whether you are shipping a 20-foot or 40-foot container, you can compare rates and select the most economical option based on your cargo size, destination, and shipment type.
