-----  
Is solar energy a solution to Syria's electricity crisis?

After more than thirteen years of war, Syria's electricity crisis has only deepened, compounding the suffering of its people. The former Assad government failed to secure stable energy supplies, and as shortages worsened and fuel prices soared, the regime turned to solar energy projects as an alternative, seeking to mitigate the crisis.

Is solar energy a viable option in Syria?

As the electricity crisis worsens, solar energy is no longer just an option - it has become an unavoidable necessity. Yet the high cost of installing photovoltaic systems has pushed many Syrians to rely on subsidized loans, particularly those provided by the Renewable Energy Support Fund, which offers interest-free financing.

Where do solar panels come from in Syria?

However, renewable energy equipment does not enter Syria easily. Four importers we spoke to confirmed that most solar panels and batteries are shipped from China to Syria through Jebel Ali Port in the UAE or, at times, the Port of Aqaba in Jordan.

Did Bashar al-Assad visit a solar panel production facility in Latakia?

The political significance of the company became evident months earlier when, on August 3, 2023, Bashar al-Assad personally visited a solar panel production facility in Latakia.

Mar 14, 2024&nbsp;&#183;&nbsp;&nbsp;United Nations Office at Nairobi (UNON) on behalf of the United Nations Human Settlements Programme (UN-Habitat) Syria, seeks the interest of qualified vendors and ...

Oct 15, 2023&nbsp;&#183;&nbsp;&nbsp;3KW Off Grid Solar system installation with MOTOMA Hybrid Solar Inverter, Solar Panels and LiFePo4 Batteries. Location: Cape Town, ...

Aug 6, 2024&nbsp;&#183;&nbsp;&nbsp;In the calendar year 2023, the Embassy of the Czech Republic in

Damascus successfully implemented a new project to Install solar panels in Jdeidet Artouz - Damascus ...

Jul 7, 2025&ensp;&#0183;&ensp;Now free of crippling sanctions, Syria is hoping renewable energy will become more than a patchwork solution.

Mar 27, 2025&ensp;&#0183;&ensp;Syria is building a 100-megawatt solar power station near Damascus to boost its renewable capacity. Learn how this project ...

Oct 15, 2023&ensp;&#0183;&ensp;3KW Off Grid Solar system installation with MOTOMA Hybrid Solar Inverter, Solar Panels and LiFePo4 Batteries. Location: Cape Town, South Africa. Installation Tech details: ...

Apr 28, 2025&ensp;&#0183;&ensp;In rural Syria, where aging infrastructure and conflict frequently leave communities without reliable electricity, 10 kW hybrid solar inverters are transforming daily life. By ...
