Where can I find discount solar panels?

SunWatts is the best place to find solar panels with discount, volume pricing, and low cost solar products at wholesale prices. This is your source for discount prices on solar panels by the pallet. These panels are new, A-grade, UL certified, qualify for tax credits, rebates and come with a 25 year manufacturer's performance warranty.

Do solar panels come with a 30-50% discount?

They come with a 30-50% discount but the Return Policy does not apply to them. Basically, you can get quality solar panels for a lower price but there is a risk they'll break along the way, and in this case, we won't be able to replace them. Any kind of panel from our store can end up in the clearance section.

Do clearance solar panels come with a shipping fee?

A small number of panels in a package can also increase the risks. We always charge a shipping fee when it comes to discount clearance solar panels. Read about shipping to learn more. However, solar panels for clearance come with a discount even if you choose to pick them up from one of our fulfillment centers yourself.

How much does a used solar panel cost?

Used panels that are between one and nine years of age still operate at high-efficiency rates but are cheaper in price. The average price ranges from 50-75% less than new modules. EnergyBin tends to see second-hand modules for resale starting at \$0.10/W. The price depends on the age and efficiency level.
