---

With internal depths from 600-1200mm, these 47U racks are designed to house standard 19inch rack mountable devices using slide rails, shelves or trays. Additional cabinet options cover ...

Built from cold-rolled steel with a corrosion-resistant coating, it offers customizable door options and a 1200KG static load capacity, ensuring durability and security in enterprise IT environments.

Vertical cable ducts with covers, installed adjacent to the profile rails (applicable from 800 mm enclosure width), enhance the overall design. An offset, removable cover with ventilation slots ...
