Hello, I am wondering if folks disconnect solar charger(or panel) or lithium battery after each use of your trailer (I am not talking about winter storage)? Asking as per this article, ...

One system you will leave the keyboard/mouse on/off button to ON at all times (i.e. don't touch it). On the other system, you will turn the mouse and keyboard OFF at night when you shutdown ...

For pure "UPS" type use, once the LFP batteries are charged, there's no value in keeping the system on. You may want to cycle it periodically or let it float the batteries for 24 ...
