What are labtron lithium ion battery storage cabinets?

Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments. These cabinets feature self-closing, oil-damped doors and triple hinges for maximum structural endurance. They are constructed with a powder-coated steel body and integrated leak-proof sump for safe containment.

What is a lithium battery storage & charging cabinet?

The storage and charging cabinet is designed to safely store and charge lithium-ion batteries. Here mainly batteries for bicycles, scooters, scooters, hand tools and the like are envisioned. The lockers are carefully designed with the specific needs of travelers and commuting workers in mind.
