What is a battery exhaust fan?

The VS-12-24VDC Battery Exhaust Fan is a high-capacity 850 CFM forced-air ventilation solution designed for battery charging rooms, industrial battery storage areas, and other environments where motive power or stationary batteries are in use. 1-year warranty.

What is a vs-12 battery exhaust fan?

The VS-12 Battery Exhaust Fan is an explosive and toxic gas ventilation system designed to safely remove hydrogen gas and other airborne contaminants from battery storage rooms and industrial enclosures. Best for: Small battery rooms, telecom enclosures, and backup power storage areas.

How does the SBS exhaust fan work?

Meet battery room ventilation safety requirements and create an automated hydrogen gas ventilation system using the SBS Exhaust Fan in conjunction with the SBS-H2 hydrogen gas detector. This 12" x 12" fan automatically vents out dangerous hydrogen gas that builds up in battery charging rooms/areas.

What is the warranty on the vs-12-48vc battery exhaust fan?

1-year warranty. The VS-12-48VC Battery Exhaust Fan is a high-capacity 850 CFM forced-air ventilation solution designed for battery charging rooms, industrial battery storage areas, and other environments where motive power or stationary batteries are in use.

The silent killer lurking in their cabinets - inadequate thermal management. With the global energy storage market hitting \$33 billion annually, improper exhaust fan installation could ...
