When is Shanghai International Energy Storage Technology Expo 2025?

Shanghai International Energy Storage Technology Expo will take place from October 9 to 12, 2025 at the Shanghai New International Expo Center, bringing together global leaders in energy storage, hydrogen energy, and renewable integration.

How will China's energy storage industry grow in 2025?

Driven by both market and policy factors, the growth of energy storage is expected to be explosive, creating a strong demand for the industry's supply chain. Once again, the China Electricity Council will collaborate to host Shanghai International Energy Storage Technology Application Expo (ES Shanghai 2025).

What is a storage Expo?

With over 500 exhibitors across 50,000 square meters and an expected 150,000+ attendees, the expo serves as a high-impact platform for product launches, technical exchange, and cross-sector collaboration, aiming to accelerate energy transformation and commercial deployment of advanced storage solutions.

What is the 32nd China Shanghai International Exhibition?

Order official tickets or book your stand for The 32nd China Shanghai International Exhibition on Electric Power Equipment and Technology, Energy Storage Technology Application, Hydrogen Energy Expo, Shanghai, China. The main exhibition in the industry of Power energetics, resources conservation in 2025. Trade show for industry professionals.

13th Shanghai International Energy Storage Technology Expo will take place from October 9 to 11, 2026 at Shanghai World Expo Exhibition and Convention Center, bringing together global ...

a buzzing conference hall in Milan where battery innovators rub shoulders with solar farm developers. That's the Italy Energy Storage Exhibition 2025 in a nutshell - a melting ...

The Shanghai International Energy Storage Technology and Equipment Exhibition is positioned as "market-oriented, technology oriented, international, and high-level" and rooted in the ...

Join EP Shanghai 2025 (Nov 18-20) -- China's leading exhibition for electric power, energy storage, and hydrogen energy technologies. Over 2,000 exhibitors, 86,000 sqm of innovations. ...
