Will Masdar & EWEC build a solar-plus-storage project in Abu Dhabi?

Masdar and Emirates Water and Electricity Co. (EWEC) plan to build a \$6 billion, 5 GW/19 GWh solar-plus-storage project in Abu Dhabi, with operations set to start by 2027. Emirati state-owned renewable investment company Masdar is partnering with EWEC to build a giant solar and battery energy storage (BESS) facility.

Does EWEC have a large-scale solar project in Abu Dhabi?

EWEC has several large-scale solar projects in the region, including the 2 GW Al Dhafra solar project in Abu Dhabi. Earlier this month, it put out a request for proposals for 1.5 GW of solar.

What is the largest combined solar and battery energy storage system?

Delivering up to 1 gigawatt (GW) of baseload power every day generated from renewable energy, it will be the largest combined solar and battery energy storage system (BESS) in the world.

What is Abu Dhabi Sustainability Week 2025?

The announcement came on the sidelines of the Opening Ceremony of Abu Dhabi Sustainability Week (ADSW) 2025. Located in Al Azeerah, Abu Dhabi, the innovative project will be the world's largest round-the-clock combined solar power and Battery Energy Storage System (BESS), delivering reliable renewable energy 24 hours a day.
