Are Field mountable power supplies bringing the end of the control cabinet?

Field mountable power supplies are bringing about the end of the control cabinet in industrial automation. Over the past years, industrial automation has seen a surge of field mountable I/O and sensor components, controllers, and HMIs allowing more and more of the overall controls architecture to be mounted in the field, directly to the machine.

What is a Field mountable power supply?

Field mountable power supplies from ifm allow for the decentralization of power distribution, meaning that installations see lower voltage drop and less power loss across an installation.

What is a site support Cabinet?

Site Support Cabinets (CUBE SS Series) are durable pad mount enclosures designed to provide robust protection of power equipment and battery technologies deployed in outdoor environments. One of the biggest challenges wireless service providers face is to provide reliable power in an efficient and environmentally friendly manner.

What accessories are included in a power cabinet?

Power Cabinet Accessories Our power supply accessories include battery harnesses, battery balance managers, enclosure indicators, tamper switches and power inserter modules. [View More](#) [Discover Telecommunications](#) [ITS/Traffic](#) [Fiber](#) [Resources](#)
