How do I find the best server rack?

Call or Chat for help finding the best server rack for your IT project, or get a Free Quote from Rackmount Solutions: (800) 352-6631. You can also email us at sales@rackmountsolutions.net Not all server racks are made equal, and one size does not fit all applications.

What is kilowatt per rack?

Kilowatt per rack (kW/rack) is the power assigned to a server rack in a data center. It is measured in kilowatts (kW) and represents the total power needed for all IT equipment in that rack. Colocation providers offer different power levels: Power density depends on server type, workload, and cooling efficiency.

Where can I get a free rack space quote?

QuoteColo offers a FREE, No Obligations service that will source you direct rack space quotes from qualified colocation hosting providers anywhere in the world. You can rent less than cabinet rack space from providers like Equinix and others at popular locations such as NY2, NY4, 60 Hudson, 111 8th Avenue, etc.
