Why should you use a lithium battery storage cabinet?

Lithium-ion batteries power everything from tools to marine equipment across New Zealand's workplaces. When these batteries fail, thermal runaway can cause fires, toxic gases, and costly damage. Our lithium battery storage cabinets provide secure storage and controlled charging without breaking your budget.

Who makes high density polyethylene cabinets?

At FSP New Zealand, we take pride in being one of the most trusted manufacturers of high density polyethylene cabinets. We are a two decades old company specialising in manufacturing supreme quality, weather resistant and heavy duty multipurpose cabinets.

Why should you choose a multipurpose polyethylene cabinet?

Equipping your commercial facility with a multipurpose and versatile cabinet is crucial to keep PPE and other important equipment safe. At FSP New Zealand, we take pride in being one of the most trusted manufacturers of high density polyethylene cabinets.
