How much do solar panels cost in Dublin?

Solar panel prices in Dublin vary based on system size, roof type, and grant eligibility - but with SEAI support in 2025, most homeowners pay between EUR2,400 and EUR6,900. This guide breaks it down in the table below, helping Dublin homeowners compare solar panel costs and SEAI savings in 2025.

How much does a solar system cost in Ireland?

Larger systems produce more energy, which can lead to greater savings over time. For example, a 4 kW system might cost between EUR6,000 and EUR7,500, while a 5 kW system could range from EUR9,000 to EUR13,000 before any grants are applied. Government Incentives: Sustainable Energy Authority of Ireland (SEAI) offers grants that make solar more affordable.

How much does a rooftop solar system cost?

Mounting system: This is what holds rooftop solar panels in place. Costs vary depending on the type of solar installation, but it generally costs between 7 and 20 cents per watt. Electrical wiring and hardware: This includes the wiring, switches and circuit breakers required to connect the solar panel system to your home's electrical system.

How do I choose a solar panel installer in Dublin?

When choosing a solar panel installer in Dublin, it's important to ensure that they are a registered solar installer with the "Sustainable Energy Authority of Ireland (SEAI)". This is required in order for your system to be eligible for any SEAI grants or subsidies that may be available.

Solar panel prices in Dublin can vary based on your home and energy needs. Compare the best deals and packages from top solar installers -- it's quick, easy, and will save you thousands!

Want to know the real solar panel cost in Dublin for 2025? This guide breaks down current solar panel prices
