-----  
What is Romania's energy storage requirement?

Minister of Energy Sebastian Burduja reportedly declared at a conference that Romania's storage requirement is 4,000MWh, and that half would be covered by BESS and half by pumped hydro energy storage (PHES) technology.

Is Huawei a Bess provider?

Huawei has recently emerged as one of the largest BESS providers globally, in the top five according to research last year by Wood Mackenzie. The new coincides with the government increasing its financial support for energy storage via two schemes, both using funds from the EU's Modernisation Fund.

What batteries will be used with Huawei smart string ESS luna2000-2.0mwh-4hl batteries?

Specifically, it will use containers with Huawei Smart String ESS LUNA2000-2.0MWH-4HL batteries combined with its Luna 2000-200KTL-HO inverters. Huawei has recently emerged as one of the largest BESS providers globally, in the top five according to research last year by Wood Mackenzie.
