How does the integrated battery management system work?

The integrated battery management system is powered by the Vertiv EnergyCore batteries, removing the requirement for an external power source and simplifying installation.

What is a Vertiv EnergyCore Battery Cabinet?

COLUMBUS, Ohio-- (BUSINESS WIRE)--Meeting the urgent need for solutions supporting high-density computing in increasingly crowded data center facilities, Vertiv (NYSE: VRT), a global provider of critical digital infrastructure and continuity solutions, today introduced Vertiv(TM) EnergyCore battery cabinets.

What is a zinc five BC battery cabinet?

The ZincFive BC UPS Battery Cabinet was the first nickel-zinc immediate power solution(IPS) in the BC Series. Featuring ZincFive's 80Ah high-rate battery, the BC introduced data centers and enterprises to the safe, reliable and sustainable benefits of a nickel-zinc battery solution.
