-----  
Does CIA have credible intelligence on Iran's nuclear program?

For Immediate Release: June 25,2025 Statement from Director John Ratcliffe about Intelligence on Iran's Nuclear Program "CIA can confirm that a body of credible intelligence indicates Iran's Nuclear Program has been severely damaged by the recent, targeted strikes.

What is Iran's intelligence network?

Alongside the MOI, Iran's intelligence network includes the IRGC Intelligence Organization and IRGC-QF--the latter responsible for Iran's extraterritorial military and intelligence operations. However, the lack of a clear delineation of responsibilities between these entities has led to significant bureaucratic friction.

Do US intelligence reports align with Israeli claims about Iran's nuclear programme?

Although the Trump administration has been vocally supportive of Israel's strikes on Iran, US intelligence reports do not align with Israeli claims about Iran's nuclear programme.

Why is Iran so vulnerable to foreign intelligence infiltration?

The recent war exposed its deep vulnerability to foreign intelligence infiltration, evidenced by the precision of Israeli strikes on sensitive nuclear sites, top military commanders, and key nuclear scientists. 19 Such breaches undermine Iran's ability to conceal enrichment infrastructure or protect critical stockpiles.

As Iranian sanctions-proof energy storage becomes a geopolitical imperative, a critical question emerges: How can nations maintain energy sovereignty when 78% of battery components rely ...

Iran's cabinet was formed after the nomination of the president and confirmation by the Parliament. The cabinet has significant power over domestic affairs; however, its role and ...

Here, The Independent looks at how two of the world's most powerful spy agencies have produced different

assessments of the status of Iran's nuclear programme - and why this will ...
