What is a foldable large container?

Foldable large containers (also called: pallet boxes) are large collapsible containers adapted to Standard pallet footprints. They can be manufactured from wood or plastic. As a combination of container and pallet, pallet boxes often have runners. Due to the runners, operators can easily handle the large containers with fork lifts and lift trucks.

What is a foldable large container (FLC)?

**HIGHLIGHTS** The ORBIS Europe BulkPak® brand of foldable large containers (FLC) helps global automotive and industrial companies streamline part shipments across global supply chains. For increased transport efficiency, our FLC containers are stackable and collapsible with a return ratio of up to 1 : 3.

Are Orbis foldable large containers sustainable?

ORBIS foldable large containers offer sustainability- across the entire life cycle. That starts with the production of our FLCs: We use recycled materials during the manufacturing process which leads to a reduction of CO2 emissions. Due to their longevity and durability, our large collapsible containers are suitable for green logistics.

What are the different types of FLC containers?

Our range of FLC containers includes: European footprint 1200 x 800 mm, ISO-footprint 1200 x 1000 mm, XXL boxes with extended length, optimised for 40' overseas containers 1190 x 1135 mm. Foldable large containers are robust, durable, collapsible and stackable. What is the BulkPak® Family?
