What is a lynx C 60kWh cabinet?

To meet customers' needs for an easy-to-install inverter-plus-battery system, the Lynx C 60kWh cabinet includes a convenient compartment for the ET15-30kW series inverter. Together, they form a complete energy storage solution, facilitating efficient energy backup, peak shaving, and streamlined load management.

What is the lynx C 60kWh?

“We are excited to introduce the Lynx C 60kWh, an innovative energy storage solution that reflects GoodWe's commitment to advancing the renewable energy landscape. This marks a significant step forward in our commitment to delivering efficient and scalable energy solutions.”

How does the lynx C 60kWh battery system work?

Facilitating outdoor operation across different climate zones, the Lynx C 60kWh battery system can effectively manage temperature through heating and cooling mechanisms. Due to the compact system design, transportation and installation become straightforward, ensuring a hassle-free setup for installers and system integrators.

Why did goodwe launch the lynx C 60kWh battery?

With a focus on C&I scenarios over the recent years, GoodWe's launch of the Lynx C 60kWh battery represents a strategic addition to its C&I portfolio. “We are excited to introduce the Lynx C 60kWh, an innovative energy storage solution that reflects GoodWe's commitment to advancing the renewable energy landscape.

Industrial-grade 60kWh high-voltage energy storage system, suitable for factories, microgrids, and energy peak shaving. Featuring modular stacking, high-voltage output, and full system-level ...

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy
