Who makes liquid hydrogen refuelling equipment?

We not only provide the liquid hydrogen (LH2) and a mobile refuelling solution, but are also on site with experts. Air Liquide Houpu Hydrogen Equipment Co., Ltd. ("ALHP") in China, a subsidiary of Air Liquide, focusing on manufacture, sales, research and development of the equipment of hydrogen refuelling stations.

Does Shanghai have a hydrogen refueling station?

Shanghai is committed to hydrogen energy development through various initiatives, aiming to peak carbon emissions by 2025--five years ahead of the national target. As of February 2025, around 5,000 hydrogen fuel cell vehicles and 18 hydrogen refueling stations have been deployed in the Shanghai region.

Who provides hydrogen refuelling stations?

ALHP provided hydrogen refuelling stations for commercial and passenger vehicles integration solutions for Sinopec Group and Shenergy Group and the world's largest hydrogen refuelling station in Daxing Beijing.

How does alshsn supply hydrogen?

The center will also supply industrial customers. ALSHSN supplies hydrogen to customers, using hydrogen produced through a CO2 recycling process at SCIPIG (Shanghai Chemical Industry Park Industrial Gases Co., Ltd., an Air Liquide subsidiary). Air Liquide will also source biomethane from Shenergy for part of the hydrogen production.

Apr 1, 2025···Air Liquide has inaugurated China's first 300-bar hydrogen filling center in Shanghai, with the capacity to fuel 1,000+ heavy-duty trucks daily. The 12-tonne-per-day site supports ...

Apr 3, 2025···(P& GJ) - Air Liquide and Shenergy have inaugurated a new hydrogen energy facility in Shanghai, marking the launch of China's first 300-bar Type II hydrogen filling center. ...

Apr 3, 2025 · The RMB80 million investment represents a critical advancement in hydrogen energy infrastructure for both the city and the wider Yangtze River Delta region. Driving the ...

Apr 3, 2025 · The RMB80 million investment represents a critical advancement in hydrogen energy infrastructure for both the city and the ...

Apr 7, 2025 · Air Liquide has launched China's first 300-bar hydrogen filling facility in Shanghai, reinforcing the push for decarbonization and clean mobility.

Mar 28, 2025 · Air Liquide's joint venture - Shanghai Chemical Industry Park Air Liquide Shenergy Hydrogen Energy Development Co., Ltd. ...

Located at the Shanghai Chemical Industry Park (SCIP), the Shanghai Hydrogen Energy Supply Basin (Alshsn) has been backed with \$13.8m in investment to ensure its development. With an ...

Apr 2, 2025 · Air Liquide and Shenergy have opened China's first 300-bar hydrogen supply center in Shanghai, boosting regional hydrogen mobility and industrial use with a daily capacity of 12 ...

Jan 23, 2024 · Recently, Shenzhen Diwei Cube Technology Co., LTD. (hereinafter referred to as "Diwei Cubic"), a subsidiary of Diwei Xun, and Xiongchuan Hydrogen Energy Technology ...

Mar 28, 2025 · Air Liquide's joint venture - Shanghai Chemical Industry Park Air Liquide Shenergy Hydrogen Energy Development Co., Ltd. (ALSHSN), also known as Shanghai ...

(Yicai) July 31 -- The largest hydrogen refueling station in South China has been completed and put into operation in Guangzhou's Baiyun district. The Liangtian hydrogen refueling station ...

Apr 7, 2025 · Air Liquide has launched China's first 300-bar hydrogen filling facility in Shanghai, reinforcing the push for decarbonization and clean ...

1 day ago · ALHP provides a customized control system for hydrogen refuelling station, which consists of three subsystems: station-level control system, IC card billing system and HopNet ...
