Should you build a container home in Norway?

Norway, with its stunning natural landscapes and commitment to sustainability, offers the perfect backdrop for building a container home. Whether you're seeking an eco-friendly lifestyle or a cost-effective housing solution, container homes have become a popular choice in recent years.

Are battery energy storage systems a key part of the Nordic energy transition?

Battery energy storage systems (BESS) continue to play a vital role in the Nordic energy transition. Based on Marsh's experience in advising BESS owners in the Nordics, cold climate challenges, ensuring safety, and optimizing spacing are key topics that are discussed for BESS development in the region.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.
