Ditto, and to (2) you could add "I won't be in next week". In fact, you could take a week off trying to decide which one to use . They are all in the same register, and for normal ...

Battery Enclosures If you're using batteries with your off-grid system, you will need to protect them from the elements and separated from living areas. Often that means a dedicated enclosure. ...

The first type is lead-acid batteries, considered the most traditional ones, used in off-grid systems for a long time. They are quite trustworthy and cost-effective, but their shorter lifespan and ...
