What Is Onsite Solar? Onsite Solar Financing Adding Energy Storage to Your Onsite Solar System Benefits of Onsite Solar What Is Offsite Solar? Go Solar with Powerflex When a solar system is installed directly on the purchaser's property, and the renewable energy that it produces is consumed there, it's considered an onsite system. There are a couple ways to go about installing solar energy on site: one is financing the installation yourself and another is entering into an onsite power purchase agreement (PPA) wit...
