What is a portable power bank with solar plug outlet?

This portable power bank with solar plug outlet is suitable for home use to keep your home security system, light and phone charged in emergency blackout. It's a must-have emergency supply. It's also a reliable backup power battery for your office devices such as router, laptop and etc.

Can I use a solar power station with an Anker PS30?

Attach the strap (sold separately) for more convenience. Solar-Powered Escapes: When your journey needs endless charging, do so seamlessly and sustainably with a 100W solar panel. We recommend 100W or 60W Anker Solar Panel. This power station is not compatible with Anker SOLIX PS30 (or other 5V~3A USB-C panels), PS200, PS400.

Which solar panels can I use with Anker Solix C300 DC?

Only use solar panels between 11 to 28V and with an XT60 connector. We recommend 100W or 60W Anker Solar Panels. This product is not compatible with Anker SOLIX PS30 or other 5V~3A USB-C solar panels. Q3: Where can I find the Anker SOLIX C300 DC manual? To support environment sustainability, we only provide a digital manual.

How long does a 100W solar panel last?

Adapted 100W solar panel make it long-lasting during outdoor discovery or working, no worry day and night. Your Choice of Recharging: Use dual 140W-USB-C (total 280W) to charge this power station to 100% within 1.5 hours. Use solar panels to recharge in under 3.2 hours.
