Who is Thai Storage Battery?

Overview: Thai Storage Battery is one of the oldest battery manufacturers in Thailand, known for its strong presence in the automotive and industrial sectors. TSB is transitioning into lithium-ion but remains a key player in traditional batteries. Established Time: 2023

Will Thailand become a regional battery manufacturing hub?

The move strengthens Thailand's EV and energy storage supply chain as the country pushes to become a regional manufacturing hub. China's leading lithium battery producer Sunwoda has received approval from Thailand's Board of Investment (BOI) for a THB 50 billion (\$1.5 billion) investment in local battery manufacturing.

Why is Thailand a key player in the lithium-ion battery market?

As the global shift toward clean energy accelerates, Thailand is emerging as a key player in the lithium-ion battery market, driven by its strategic position in Southeast Asia's electric vehicle (EV) and renewable energy boom.

Who makes EV batteries in Thailand?

The facility, operational since 2024, produces lithium-ion battery packs (LFP and NMC) for EVs, targeting 60,000 units annually. Leveraging Great Wall Motor's automotive expertise, SVOLT focuses on cobalt-free batteries, enhancing cost-efficiency and sustainability. The company supports Thailand's EV ecosystem, supplying local and ASEAN markets.

Northern Thailand's energy storage project in Chiang Mai marks a turning point for renewable energy adoption across Southeast Asia. Announced last month, this initiative aims to solve the ...
