What is an IP65 rated enclosure?

IP65 rated enclosures provide indoor and outdoor protection for waterproof applications. Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic assemblies in harsh environments. IP65 rated boxes are available in plastic, aluminum and steel varieties.

What are the different types of IP65 rated boxes?

IP65 rated boxes are available in plastic, aluminum and steel varieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution. IP65 enclosures are extremely versatile due to their ability to withstand dirt, dust, debris and low-pressure water jets.

What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

What is a polycase IP65 rating?

Polycase IP Ratings are based on the NEMA 250 to IEC 60529 conversion table published by NEMA.org. Learn more about what an IP65 rating means and what you can expect from our IP65 electrical enclosures below. What Does an IP65 Rating Mean?
