What is solar hydro?

RayGen 's Solar Hydro solution addresses the growing need for long-duration energy storage by combining concentrated solar electricity and heat generation with a water-based thermal storage solution that can provide dispatchable synchronous energy over periods exceeding 12 hours.

Who is hydro pumps?

Welcome to Hydro Pumps, a leading water and solar power solutions supplier. We supply various pumps from our factory in Pretoria East to anywhere on the African continent. Hydro Pumps' loyal customers are from various industries, including mining, agricultural, industrial, farming, manufacturing, marine, domestic, retail, hardware, and nurseries.

What types of water & solar power solutions are available?

We specialise in a large variety of submersible pumps, drainage pumps, pressure pumps, booster systems, borehole pumps, centrifugal pumps, fountain pumps, multistage pumps, monoblock pumps, bare shaft pumps, and all pumping accessories. Browse our water and solar power solution categories to find the right one for your application.

Is TotalEnergies launching a 216 MW solar plant in South Africa?

South Africa: TotalEnergies Launches Construction of a 216 MW Solar Plant with Battery Storage Paris, December 15, 2023 - TotalEnergies and its partners are launching construction of a major hybrid renewables project in South Africa, comprising a 216 MW solar plant.

Mar 27, 2024 - MechChem Africa talks to Jannie Botha (top right), HYDAC SA sales manager for power generation, and Andr  s Rodr  guez (below right), sector manager ...

Jan 15, 2025 - Discover how Photon Energy Group's 250 MW solar-hydro project in Winterton, South Africa, will enhance energy stability using advanced RayGen technology.

Tripple Hydro and Energy | Tripple Hydro: Your Renewable Solutions Company in Southern Africa. Specialists in Solar Systems, Solar Pumps, Energy Storage Solutions, WEG ...

Discover advanced solar microgrid energy storage power stations, off-grid solutions, and hybrid power systems for remote and industrial ...

Jan 14, 2025 · Photon Energy's 250 MW solar-hydro project in South Africa pioneers renewable innovation with 3.6 GWh storage capacity.

Jan 15, 2025 · Discover how Photon Energy Group's 250 MW solar-hydro project in Winterton, South Africa, will enhance energy stability using ...

MechChem Africa reported on the unique hydraulic, lubrication and conditioning monitoring expertise and solutions offered by HYDAC South Africa for solar thermal power (CSP) plants. ...

Discover advanced solar microgrid energy storage power stations, off-grid solutions, and hybrid power systems for remote and industrial applications. Explore our comprehensive range of ...

Apr 10, 2025 · Welcome to Hydro Pumps, a leading water and solar power solutions supplier. We supply various pumps from our factory in Pretoria East to anywhere on the African continent. ...

Dec 15, 2023 · South Africa: TotalEnergies Launches Construction of a 216 MW Solar Plant with Battery Storage Paris, December 15, 2023 - TotalEnergies and its partners are launching ...

Mar 27, 2025 · At VDM Control Solutions, a leading supplier of industrial, control, and automation valves, our commitment to excellence extends to the solar sector, where we specialise in ...

Jan 14, 2025 · The project has received favorable grid connection terms and once operational, the facility is set up to play a significant role in improving South Africa's energy stability. Located in ...
