Who is solar & battery energy storage?

We are Designers, Consulting Engineers and Contractors with a stronger focus on Solar, Battery Energy Storage and related Hybrid Systems. We offer high-quality solutions for nearly every application on and off-grid energy supply.

What is a containerized battery energy storage solution?

The Containerized Battery Energy Storage Solution (BESS) is an advanced Lithium Iron storage unit built into a customised 20ft or 40ft container. The unit is designed to be fully scalable to meet your storage requirements. Storage size for a containerised solution can range from 500 kWh up to 6.5 MWh per container. Engineered for Anything.

Are energy storage systems scalable?

We deliver Low Voltage, High Voltage, and Utility-Scale Storage Systems that are scalable. Whether you're seeking off-grid independence or grid-connected benefits, we provide reliable Energy Storage Solutions that ensure performance, safety, and long-term sustainability.

Is solar Hub SA a good company?

Awesome company with awesome staff, friendly and professional. If you need Solar equipment, Solar Hub SA is the place to go. Thanks a million to Leoni who assisted me with quotes on various equipment and also helped to arrange to get my ordered equipment delivered to me super quick... pleasure to do business with you.

We design and build BESS containers with full engineering sign-off. We supply and install solar plants, inverter, and battery storage systems from 50kW to 2MW, specializing in BESS ...
