A critical Esxi host looks like this in Orion web console i.e with Red Exclamation. And when you select any of the ESXi hosts and go to details page by click it, it show the Status = Critical And ...

Uses local climate data, your roof measurements, current local electric rates and current solar system cost to generate an accurate solar cost and savings estimate, customized for your home.

It was a blue exclamation mark for 2 years before I updated, now it's a red one. If I go onto my account, a similar exclamation mark shows beside the blank profile pic asking me to add one.

It was a blue exclamation mark for 2 years before I updated, now it's a red one. If I go onto my account, a similar exclamation mark shows beside the blank profile pic asking me ...
