Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea - to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

What is BIPV & how does it work in Slovakia?

From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV). We led the way with the first-ever 400kWh Battery Backup System, even before container-based battery systems became mainstream.

UGV Chargers is a leading manufacturer of charging stations for electric vehicles in Slovakia, specializing in the production and supply of modern DC and AC charging solutions.

Vehicle2Grid (V2G), battery pack and solar powered buildings are also an area where we can provide our know-how and set-up any required solution. Thanks to our research and ...

Top Solar Battery Companies in Slovakia The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers

Apr 8, 2025 · We offer photovoltaic panels, photovoltaic inverters, battery storage and

other components necessary for the construction and installation of solar energy systems. We have ...

The company specializes in the design and implementation of photovoltaic power plants and systems, offering a wide range of solar equipment, including panels and smart battery storage ...
