Are there electrical outlets in Saudi Arabia?

No, the electrical outlets in Saudi Arabia are different from those in the United States. In Saudi Arabia electrical outlets of type G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Saudi Arabia? The electrical outlets and power plugs in Saudi Arabia are of type G (see images).

What type of plug does Saudi Arabia use?

Saudi Arabia uses power outlets and plugs of type G. Take a look at the picture below to see what this plug and power socket looks like: Doesn't look familiar? Do the outlets look different in your country? You'll need a power plug adapter.

Do I need a power adapter in Saudi Arabia?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Saudi Arabia, you will need a power adapter and/or a voltage converter/transformer.

Can you use a phone charger in Saudi Arabia?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Saudi Arabia outlet. Saudi Arabia uses electrical outlets and power plugs of type G (see images).
