Are lithium ion battery cabinets safe?

Lithium-ion battery cabinets are essential for safely storing and charging modern batteries used in power tools, gardening equipment, and electric bicycles. They protect lives, property, and operations with verified safety- VDMA 24994:2024-08. Advantages of the VDMA 24994 Standard.

Does MBG Sweden offer a battery scoop?

MBG Sweden offers battery scoops in different sizes to meet most needs. All scoops are fire rated with protection against internal and external fire for 90 minutes and are equipped with alarm systems that sound an alarm when the internal temperature of the scoop exceeds +50°C.

Why should you choose a battery cabinet?

Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters. VENTILATION: Our cabinets are specially designed for the use of stationary batteries. One important factor here is ventilation, both for cooling and for the removal of hydrogen (H<sub>2</sub>).
