The Ad#233;tikop#233; Solar Power Station is a planned 390 MW (520,000 hp) solar power plant in Togo, with 200 MWh (720 GJ), attached battery energy storage. The power station is in the development stage, under concessional terms by the company Arise Integrated Industrial Platforms (Arise IIP), a subsidiary of the Africa Finance Corporation (AFC), in partnership with the Government of Togo. As of July 2021 a qualified EPC company was being sought to construct the power station, eithe...

The project, which targets an initial capacity of 55 megawatts (MW), is part of the country's "Mission 300" National Energy Pact. The pact aims for universal electricity access by ...

This agreement will finance feasibility studies for a battery energy storage system (BESS) project in Togo - a crucial step to integrate more renewable energy and achieve ...
