How to make a solar installation in Nigeria?

For those looking to make solar installations, you can turn to online or global suppliers and distributors for that. Transporting and logistics handling of solar equipment into Nigeria should be easy since there are plenty of commercial ports available such as the Onne Port.

Why should we use solar power in Nigeria?

Nigeria is blessed with so much sunshine, so why not exploit it. Solar power systems use energy from the sun to save people money and resources. The solar panels are made of silicon which is a resource that grows on trees. Without these panels, our planet will be overpopulated with pollutants that harm us in many ways.
